

A white electric car is parked at a charging station. The car is shown from the rear, with its license plate partially visible. A charging cable is connected to the car and plugged into a black charging station. The station has a digital display and the Webasto logo. The background shows a building with vertical wooden slats and some greenery.

Webasto ChargeConnect App Quick Start Guide - EN

Quicklinks – How to Use the Webasto ChargeConnect App

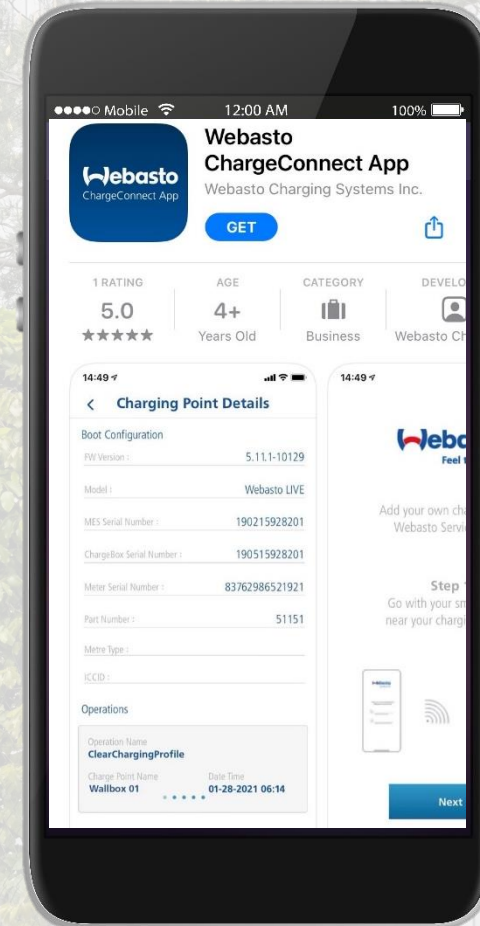

- 1 Download Webasto ChargeConnect
- 2 Registration
- 3 Add Charging Station
- 4 Charging Points
- 5 Keeping an Overview
- 6 Adding RFID-Tags

Step 1 – Download Webasto ChargeConnect App

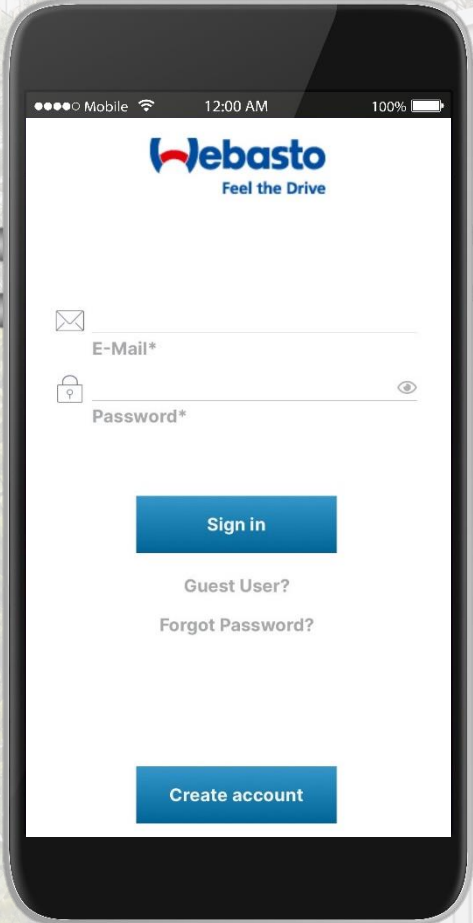

Click here to start the guide.

Open the App Store and search for „Webasto ChargeConnect App“. Select the app and download it to your smartphone. Once this step is complete, open the app and start the setup.

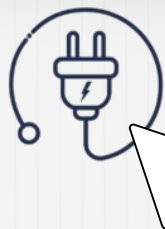

Step 2 – Registration

Step 2 – Registration

You are already registered at Webasto ChargeConnect?
Enter your login data and start right away!

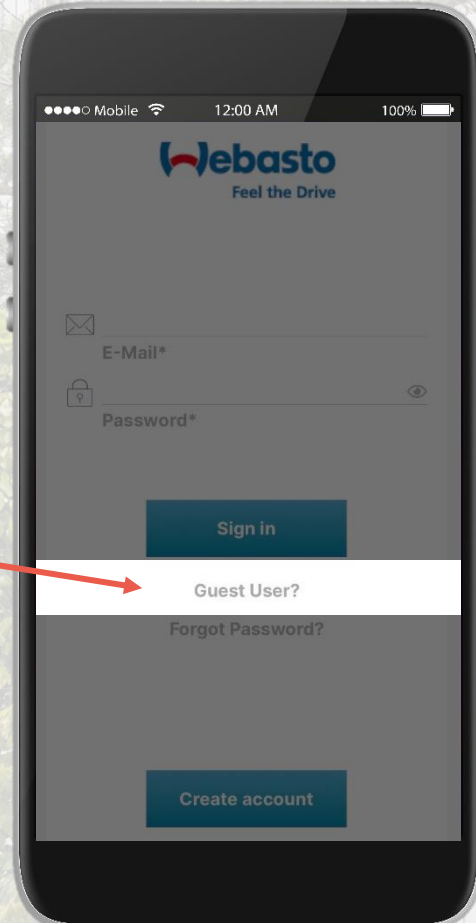

Click here to add your charging station.

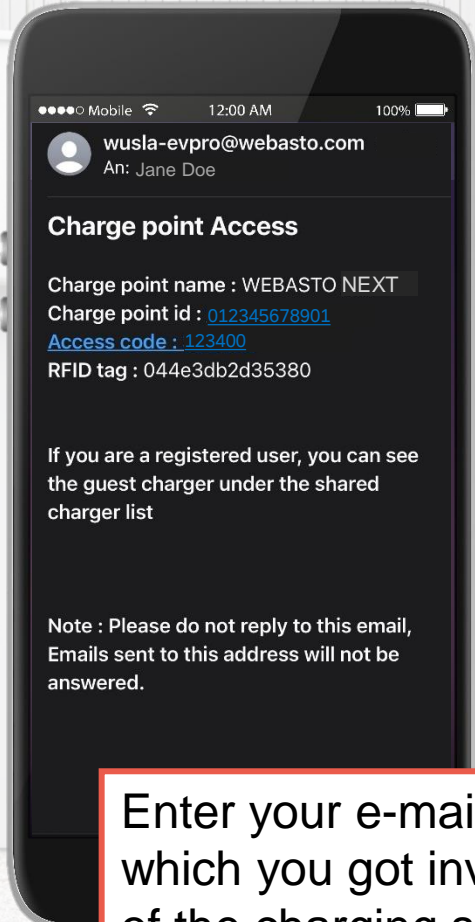

The image shows a smartphone displaying the Webasto mobile application's login screen. At the top, the status bar shows 'Mobile', signal strength, Wi-Fi, 12:00 AM, and 100% battery. The app header features the Webasto logo and the slogan 'Feel the Drive'. Below the header, there are two input fields: 'E-Mail*' with an envelope icon and 'Password*' with a lock icon and a toggle eye icon. A blue 'Sign in' button is positioned below the password field. At the bottom of the screen, there are two links: 'Guest User?' and 'Forgot Password?'. A dark blue 'Create account' button is located at the very bottom. A red arrow points from the text above to the 'E-Mail*' input field.

Step 2 – Registration

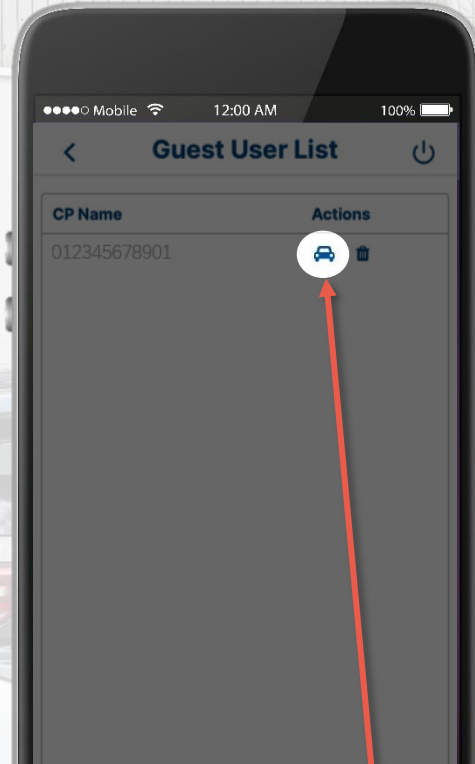

Only a guest at the Webasto Wallbox? Continue [here](#).

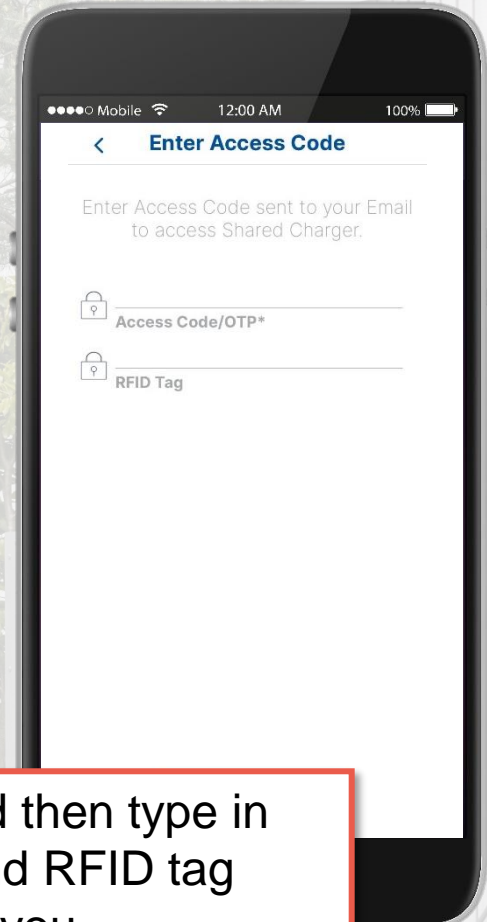

Step 2 – Guest User

Enter your e-mail address on which you got invited by the owner of the charging station.
