1. Project Description

- Project:** Suzuki, Jimny Hard Top, Sunroof, Hollandia 400
Including dedicated wind deflector (by Suzuki Belgium)
- Country:** Belgium
- Customer:** Suzuki Belgium
- Quantity:** Up/to 500 units planned,
Program started in 2009 and is still running
Copied by car rental company in 2011

2. Installation

Where: All installation is done at ACPC – PDI center Suzuki

Training: Training supported by Webasto

Miscellaneous: Suzuki developed wind deflector fitting the ribbed roof of the Jimny which can be painted in color of car. Wind deflector can be obtained via Suzuki Belgium

The Jimny hardtop with folding roof is an alternative to the Jimny soft top of which the production stopped.
